
Missionary Information

Name: Randy and Jeanette Alderman

Location: Togo, West Africa

Email: randyalderman@gmail.com

Brief Description of Ministry:

Church Planting – Working to develop a strong leadership and teaching in certain Biblical subject areas in church plants that are not yet autonomous and also working with several young church plants.

Bible Institute – Geared towards those men who have been called to full-time ministry with a set of courses which take about 3 years to complete.

Aviation ministry – The Cessna 206 is a tool that we use for evangelism into the north of Togo, and for occasional medical evacuations.

Current goals/initiatives:

The overall goal is to establish strong Bible-teaching, Christ-honoring churches who are able to reproduce themselves and still remain strong. We continually strive to this end.

Developing leaders in each of the church plants we work with, and walking beside these young leaders as they begin to minister in homes, and in front of people in a ministry setting, encouraging and instructing as opportunity arises.

Writing curriculum and translating already developed teaching material into French is an ongoing process that never is finished. Our goal in the next 2 months is to finish translating 2 courses into French.

Urgent or ongoing prayer requests:

1. Our most urgent is the very volatile political situation in our country which has erupted into great violence with deaths a number of times in the past 2 ½ months. Please pray that we would return to a peaceful situation so that we can remain here and the gospel will not be hindered from being spread.
2. That God would touch the hearts of 3 of the Bible Institute students so that they might be willing to return to the Dapaong area to pastor already existing churches. The present pastor that they would assist is leading 6 congregations!
3. For all 22 of the teenage girls in Jeanette's class at Pagouda to accept Christ. For the girls to understand the beauty of moral purity.
4. For God to provide a leader who is willing to help start a church plant in Tchinchinda if this is God's will.
5. For a pastor for the Lassa-Elimde congregation.
6. For God to give Abalo who is leader of the Tchaloude church wisdom in dealing with 2 young people who are members of the church and whose immorality led to a pregnancy, and then a decision to have an abortion.
7. For God to provide for several church constructions, and for daily wisdom and strength to serve.
